## Is Your Work Hard?

Many Norway Folks Have Found How to  
Make Work Easier

What is so hard as a day's work with an aching back?  
Or sharp stabs of pain at every sudden twist or turn?  
There is no peace from the dull ache. No rest from the soreness, lameness and weakness.  
Many folks have found relief through Doan's Pills. They are a stimulant diuretic to the kidneys.

Norway people recommend Doan's.  
Mrs. W. J. Olmstead, 95 Main St., Norway, says: "My back ached so badly I could hardly get through with my housework and everything I undertook to do seemed a drag. I was dizzy and could see star-like spots before my eyes. My feet and ankles swelled and my kidneys were weak. I used Doan's Pills and the backache ceased and my kidneys became regulated."

just sitting. Or, better still, taking an unsolicited interest in affairs not of their direct concern, except as they choose to make them.

"Of course we assume that people presenting such emphatically negative arguments concerning what is generally considered a rather clever, intelligent pastime, at least know a cross-word puzzle by sight."

"For the benefit of those who speak with an uncertain degree of actual knowledge of the art of cross-word puzzling, we wish to explain that a cross-word puzzle is a 'mosaic' of ink squares, words, and intelligence thrown together, which, if approached by the right person, may produce surprisingly entertaining results."

Life Insurance President of United States: "Cross-word puzzles are a blessing in disguise. They are responsible for increasing efficiency in stenographers of 25 per cent. The mental labor in solving them makes for more accurate work. Their idle hours are spent over the dictionary; it improves their spelling and the recognition of words with meaning and the result is startling. They are now recognizing and handling correctly words that they used to stumble over. We encourage our employees to play the game, as it widens their minds and improves their speed as well as increasing their office efficiency."

Dear Editor: I am sending in my solution of cross-word puzzle No. 7 and I wish to add that myself and family enjoy "puzzling" on cross-word puzzles very much for a pastime, and hope to see more of them in the Advertiser in the future. Mrs. Della Andrews, East Sumner.

### FRYEBURG

The Busy Bee Club met Wednesday January 28th, at the home of Mrs. Andrews, for their seventh annual meeting. At twelve fifteen a delicious baked bean dinner was served with a lot of good eating. For the benefit of our club, one member brought a dandy chocolate cake with a white frosting, on top of this decorated in pink, was written "The Busy Bee Club."

All had a very enjoyable time with a lot of work being accomplished. Our next, eighth, weekly meeting will be held at the home of Mrs. Whitaker, on Wednesday, February 4th, all the Busy Bees will surely be welcomed.

Fryeburg friends will feel sorry to learn that Edward Brackett, who at one time resided in the house now owned by Mrs. S. F. Ladd, was knocked down and injured so severely by an automobile in Waltham, Mass., that he was taken to a hospital and died in a few hours. Mr. Brackett was a veteran of the Civil War and it seems probable that men who offered their lives for their country should have been killed by automobiles. Mr. Brackett was a nephew of the late Mrs. A. R. Jennings.

Miss Hastings has returned from a few days visit in Portland. Mrs. Walter Burnell was a Portland visitor a few days last week. Laura Charles is working for Mrs. Wm. Whitaker.

The Senior class will present the three act comedy, "The Time of His Life," later in the season. The cast is as follows:

Mr. Bob Grey.....Ruth Gaffner  
Mrs. Peter Wymond.....Martha Irish  
Dorothy Landon.....Arlene Webster  
Mr. Robert Moulton.....Mrs. Moulton  
Uncle Tom.....Marion Thompson  
Peter Wycomb.....Lillian Gray  
Other.....Novel Shirley  
Rehearsals are in order under the direction of Miss Nancy B. Parlin.

The second team of Fryeburg Academy boys and the Girls' Basketball team are planning to play with Bean Memorial, Brownfield, Jan. 30. Jan. 27, both the Boys' and Girls' Basketball teams will go to Conway for a game with Kennett High School.

Mrs. Hazel Hutchins spent the day, Feb. 2, at C. W. Farrington's. Will Charles visited friends in Sweden, recently. Clarence Kimball is hauling wood for M. M. Stewart. **NORTH FRYEBURG**  
Church Notes  
The pastor, W. A. Smith, wishes to announce that, in the absence of any official vote upon where the church services shall be held during the remainder of the winter, he assumes entire responsibility in holding the services on Sunday afternoon at 2 P. M. in the Library building.

The pastor is very anxious to make the church services helpful and interesting. Therefore, while it does not seem best to attempt to hold regular sessions of the Sunday School at present, there will be something of interest at each service for the children as well as for the older people. On next Sunday the congregation will be asked to help solve a cross word puzzle. The service begins promptly at 2. With the longer days, there is ample time for the men to get home from service in time for the evening work.

The services of your church means much to your community and the pastor urges your loyal, whole-hearted support and wishes very much that not only more of women and women, too, would make a special effort to attend the services, but that the children and young people would be encouraged to come, also.

The Benefit Supper at Red Men's Hall on Monday, Jan. 26, given under the auspices of the W. A. Smith Workers, proved to be a great success. There was a team containing 21 that came from Fryeburg Harbor. The proceeds from the supper and entertainment including sum contributed was \$43.57. The program was as follows:

Benediction.....Mrs. Robert Flint, Avis Day

## Would You Accept a Good Cow?

Of course, you would welcome the opportunity of adding another good cow to your herd. The 200 to 250 pounds of butter fat she would produce each year would buy many things you would like to have.

Did it ever occur to you that replacing a cream-wasting separator with a clean-skimming, new DeLaval is just like adding a cow to your herd? There is this difference, though: you must usually pay cash for the cow, while payments on the DeLaval may be spread over a period of 15 months so that it actually pays for itself with its savings in a year or less time.

Your old separator as part payment

Bring in your old separator—no matter what its make or condition—and we will make you a liberal allowance on it as part payment for a new DeLaval. This is the machine with the wonderful self-centering, non-vibrating bowl which skims cleaner, produces better cream, runs easier and lasts longer.

### POWER DEVELOPES INDUSTRIES

#### New Industry Near West Paris

Through the signing of a contract for power, announcement is made of a new industrial development near West Paris. The Oxford Mining & Milling Company, with main office in Portland and a general office at Locke's Mills, has begun the construction of a feldspar plant in this vicinity.

Oxford County's hills and mountains, rich in feldspar, quartz and other mineral deposits, offer a favorable outlook for an extensive growth of the new industry. In view of these prospects the plant has been arranged for 200 horse power to be furnished by Central Maine Power Co. during 24 hour service, 6 days of the week.

The announcement recalls an interesting phase of Central Maine Power Co.'s extension of its lines into this section of Oxford County a few years ago. At the time Central Maine Power Company took over the Oxford Electric Company it had no connection with the Androscoggin Electric Company power plant at Lee's Mills. When the connection between the two systems was made and transmission lines were extended as far as "Trap Corner," it was considered by some a foolish enterprise. But the value of power, as it has since, as in the present instance, made it possible to develop some of Maine's resources there.

The foundation for the mill is now being laid. It is understood that when completed the new feldspar plant will be the most up-to-date of its kind in the east.

The roads are so bad that everything has come to a stand still except the mail carrier and teams. The roads are almost impassable for anything else. Some places it is impossible for a single team to get through. Mrs. Eames, who lives alone with three small grandchildren, tried to get out to the store with a horse and sleigh. She had to get out into the snow and walk behind till she got as far as her mail box then had to unharness to get around and was obliged to go back home. It seemed a hard case for she is quite lame.

### BRYANT POND

Mrs. Gerry Wing, who passed on to the heavenly life last Tuesday, Jan. 27, at her beautiful home by Lake Christopher, was born in Woodstock seventy-seven years ago last April.

Her father was Eleazer C. Billings and her mother, Mary Jane Nute. Besides Mrs. Wing there were two sons, one dying many years ago in Kansas City and the other brother lives in Brighton, Mass., but was unable to attend his sister's funeral as he was in Texas on a business trip. His wife, however, although she had been ill, recently, with tonsillitis and bronchitis.

Mrs. Wing, who was Roduska Billings, married Gerry Wing in 1865 and two children came to bless this union, one child, Dr. Elsie A. Rogers of Boston, who died in 1921, and a son, Percy, is still living and has been with his parents most of the time since his sister's death.

For a number of years with their daughter Wing spent the winter with her daughter in Boston where they made many friends, who have brightened many hours for Mrs. Wing by the letters and remembrances since the death of her beautiful daughter three years ago.

Mr. and Mrs. Wing have been more fortunate than most married people in that they have been spared to each other for 60 years. Only sorrow is felt for the one who is left.

Mrs. Wing was a woman of ability and charm and willing to bravely uphold what she thought was right.

"Weep not that their souls are over; Weep not that their race is run; God grant we may rest with them; When our work, like theirs, is done! 'Tis then we would yield with gladness Our treasures to Him to keep, And rejoice in His loved ones sleep."

The town of Turner was a part of Oxford County in 1812, and remained a part of that political division until 1854 when it was set off to form a part of the newly organized Androscoggin County.
